COUNCIL AND GOVERNMENT
OF GERMANY IN AGREEMENT**

All Power Vested in "Socialist
Republic" and the
Council.

SIX AIMS ARE SET FORTH

As London Papers View It, Russian
System Has Been Adopted, at least
in Theory; All Counter Revolutions
Will Be Put Under Official Ban.

By Associated Press.

COPENHAGEN, Nov. 25.—An agreement has been reached between the German soldiers' and workmen's council and the government. It is officially announced in Berlin. The agreement provides:

First—All political power is to be in the hands of the German Socialist republic and the soldiers' and workmen's council.

Second—Their aim is to defend and develop what has been achieved by the revolution and to suppress all counter revolutionary activities.

Third—Pending the election of representatives of the soldiers' and workmen's council to an executive council of the German republic, the executive council in Berlin is to exercise its function.

Fourth—The appointment and dismissal of all members of the various executive bodies of the republic and until the final constitution is established are to be made by the central executive council which also has the right of control.

Fifth—Before the cabinet appoints assistant ministers the executive council must be consulted.

Sixth—A convention of deputies drawn from the soldiers' and workmen's council is to be summoned as soon as possible.

LONDON, Nov. 25.—This morning's London newspapers displayed prominently the German advisers regarding the agreement between the soldiers' and workmen's council and the government which is regarded as development of the greatest importance and a tantamount to the overthrow of the Ebert-Hasebe combination and the adoption, at least theoretically, of the existing Russian system.

GOVERNMENT OWNERSHIP

The Rock on Which Treasurer McAdoo and the President Split, Report.

According to an article credited to the Providence Journal, and published in the Pittsburgh Gazette Times this morning, the reason for the withdrawal of William C. McAdoo from the cabinet was not because, as stated, he was insufficiently his salary, but that he found himself in "total disagreement with what he considers the president's set purpose to impose government ownership or government control of all public utilities in this country."

"He was determined no longer to remain a member of a cabinet which was fast drifting into that policy." It is asserted that there are at least two other "insurgent" members of the cabinet whose attitude on government ownership is supported by Colonel House, the president's private and confidential agent.

"FLU" AT COTTAGE STATE

Four Patients Suffering from Disease; Remedial Steps Taken.

Four patients suffering from influenza are at the Cottage State hospital, and as the result no more cases, or emergency ones, will be admitted to the hospital and no visitors allowed until the influenza victims have entirely recovered.

Two of the patients developed the disease after their admittance to the hospital for other treatment, and the other two were suffering of the illness when they were admitted. The total number of patients at the hospital is 15 and every precaution will be taken to avoid the spreading of the disease.

CAPT. ROBINSON COMING

May Reach Home Ahead of This; Letter to Father Says.

Captain John L. Robinson, of Company D, is on his way to the States, a letter received today by his father, attorney H. L. Robinson, Uniontown, Pa.

The letter, dated October 26, said that soon might arrive ahead of it.

SELL WITROTT LICENSE.

Street Vendors Arrested and Pay Fines of \$5 Each.

Charged with selling without a license Harry and Lewis Carson were arrested Saturday night by Patrolman J. H. Turner in West Crawford avenue. They posted forfeits of \$5 each, and appeared for a hearing this morning but the forfeit was retained as a fine.

The vendors were selling tin plates.

Promising for President.
COLLINGSBURY, O., Nov. 25.—A campaign for the election of General John Pershing, commander of the American Expeditionary Forces in France, to be president in 1920 was formally started in Ohio today.

**"A MERE SCRATCH" IS
WAY SERGT. FERRARI
DESCRIBES HIS WOUND**

But All the Same He Cannot Open His Mouth More Than to Receive a Small Spoon Level Full.

The wound Sergeant John B. Ferrari, of Company B, 1st Motor Cycle Machine Gun Battalion, received in action in France, he describes as "a mere scratch," in a letter recently received by his mother, Mrs. M. Ferrari of Trotter. In his letter, which was written October 13, he says:

"I will be out again in a few more weeks or maybe a month. You need not worry as the war is almost over and will be before long."

"You would laugh if you saw me trying to eat. Can only open my mouth to get a small spoon just level full into it. I tried to eat some meat but had to have it shredded first. I am just like I was only two years old. Of course I can walk, talk and use my arms, but cannot use my jaws yet. When I get back I will be able to tell you something about France. Dad may have seen part of it, but I have seen almost all of it. I have been from coast to border and around again."

"Mother, I want you and sister never to refuse to give to the Red Cross for it is doing wonderful work over here. The workers are always giving the boys in the trenches all kinds of smoking, chewing and eating and hot cakes from morning till the next morning. And for the wounded there is nothing too good."

Sergeant Ferrari, who is well known throughout the coke region, went to Camp Lee with the contingent of draftees who left Connellsville June 30. He left for overseas about the middle of August.

**A COURIER GRADUATE
MAKES GOOD MANAGING
ROCK ISLAND ARSENAL**

Efficiency and Progression Records Attract Attention and Commendation From Washington Authorities.

Lieutenant Colonel Lloyd G. McCrum, who learned the newspaper game in 'The Courier' school, as local editor before the daily edition was established, and later figured prominently in several large business enterprises, has attracted the attention of the authorities in Washington by his efficient management of the U. S. Arsenal at Rock Island, Ill.

Shortly after the United States entered the war he was commissioned lieutenant colonel in the ordnance department and was assigned to duty as general manager of the Rock Island Arsenal. Here he soon developed a fine spirit of loyalty and cooperation among the employees which resulted in the employees sticking to their jobs and very largely increasing the output of the plant. An honor flag was presented to the employees of the supply depot in recognition of their faithful service. Lieutenant Colonel McCrum, as representative of the commandant of the arsenal, making the presentation address.

The success achieved attracted the attention of the division of industrial plants of the information and education service, Department of Labor, and request was made that details of the plan by which the results had been obtained be given in order that they might be communicated to other plants which were suffering from industrial evils which had been eliminated at Rock Island.

INVADERS JAIL

Six Cases of Influenza Develop; Hospital Opened.

Influenza has invaded the county jail in Uniontown. Thirteen cases have developed, with one death, Mrs. Anna Hollis, 39 years old, of Masontown, who was awaiting removal to the hospital for insane at Somerset. There are 80 prisoners in the jail. One of the inmates is a woman, Mrs. Rose Cadigan, who is being held in connection with a shooting near Grinstead.

A hospital has been opened. There are six patients. No visitors will be allowed to enter the jail.

LABELS ARE HERE

Ready for Distribution to Persons Who Received None.

The Red Cross Christmas parcel labels to be used in sending gifts to men overseas are now at the postoffice where they may be secured on application. The labels will be furnished only the nearest of kin of the overseas soldier who did not receive a label previously.

The labels can be secured at the inspection rooms of the second floor of the postoffice on the signing of an application blank.

Has Picture in Manual.
In the official manual for 1918 of the Pennsylvania Chiefs of Police Association, appears the cut of Chief of Police Bowers of Connellsville. The chief received his copy of the manual today.

**ARRANGEMENTS COMPLETED
FOR FAYETTE COUNTY WAR
CHEST CAMPAIGN, DEC. 2-16****GOAL FIXED AT
\$600,000; MORE
IS ANTICIPATED**

County Has Been Divided Into
40 Districts for Great
Drive.

ALL WAR NEEDS INCLUDED

Plans for the War Chest campaign in Fayette county, December 2 to 16, were completed at a meeting of the directors of the organization Saturday afternoon at the court house in Uniontown. The date was formally fixed, and the goal placed at \$600,000, with as much over-subscription as possible, the pledges to be paid monthly or semi-monthly payments by-laws to govern the drive were adopted.

Representatives from virtually every district of the 40 into which the county has been divided for the campaign were present and participated in the deliberations. During the course of the meeting Campaign Manager D. W. McDonald announced the names of the 40 district chairmen who will be in active charge of the campaign in the various sections. Quotas are now being worked out, he asserted, and will be announced as soon as completed.

Explanation of the part the Red Cross will take in the campaign was one of the important developments of the meeting. Officers of that organization had been planning to hold a Christmas membership campaign at some time in December and because of the two campaigns coming at the same time, a conference was held between officers of both organizations and a plan for their mutual benefit was adopted.

In the adopted plan, the Red Cross consolidates its membership campaign with the War Chest drive, it was explained. The Red Cross, however, will receive \$1 from every individual contribution to the War Chest in excess of \$1 and the contributor will be enrolled as a member of the Red Cross. That \$1 contribution to the Red Cross from every War Chest contribution, it was explained, by no means measures the funds the Red Cross will secure from the War Chest. During the course of the year it is anticipated that calls will be made upon the War Chest by the Red Cross for approximately \$200,000 to promote the war relief work of that organization.

The by-laws define the purposes of the War Chest and prescribe the duties of the officers. One of the principal provisions of the by-laws is that providing that sums of \$10,000 or less may be paid from the fund on authority of the executive committee only, but to check out any sums in excess of \$10,000 the approval of the board of directors is required. The board of directors is composed of 150 men, representing all activities in life in the different communities of the county. Twenty-five members of the board of directors constitute a quorum. The officers and committee heads are authorized in the by-laws to proceed with the work of the organization as prescribed by the rules. Those officers are:

John Q. Van Swearingen, president; R. T. Norton, vice president; H. A. Cotton, vice president; W. L. Graham, vice president; Harry W. Allen, secretary; Samuel E. Taylor, treasurer; R. M. Fry, chairman executive committee; Robert E. Umbel, chairman budget committee; W. Russell Cady, chairman publicity committee; L. W. Pogg, chairman coal and coke committee; D. W. McDonald, Continued on Page Two.

TURKEY DONATED

Partial Provision Made for Thanksgiving at Emergency Hospital.

One death, that of Mrs. Harriet Virginia Conway Dull, was reported at the emergency hospital over night. Thirteen patients are receiving treatment.

The T. J. Hooper Bible class of the First Presbyterian church donated a large turkey to the hospital. Any other donations will be greatly appreciated.

Made Superintendent.
Miss Rosewood Minnis, daughter of Mrs. James Minnis of East Crawford avenue, has accepted the superintendency of the Kings hospital at Martinsburg, W. Va., and has entered upon her duties. Miss Minnis was graduated from the Maryland University hospital at Baltimore.

Home on Furlough.
Private Harold Grimes of Company B, Fourth Machine Gun Battalion, who was twice wounded in the battle of Chateau-Thierry on July 30, and who later returned to a hospital at Washington, D. C., is spending a 10-day furlough at his home at Mount Braddock.

**WAR CHEST HEAD
EXPLAINS WHAT
PLAN EMBRACES**

Is Application of Business Methods in Financing Relief Work.

ONE BIG DRIVE COVERS ALL

By John Q. Van Swearingen.

President Fayette County War Chest. The War Chest is the application of business methods to the financing of the great war relief and welfare organizations which work in close cooperation with the government in providing the American soldier and sailor relief when needed and the comforts to which he was accustomed in civil life. The War Chest in Fayette county is the merging for the collection and distribution of funds of the county units of the Red Cross, the Young Men's Christian Association, the Young Women's Christian Association, the National Catholic War Council (Knights of Columbus), Jewish Welfare Board (Young Men's Hebrew Association), War Camp Community Service, American Library Association, and the Salvation Army.

With the expansion of the American army and navy which called thousands of Fayette county young men into the military and naval service and the subsequent frequent calls upon the citizens of the county to maintain the relief and welfare organizations which ever have kept pace with the enlarged military and naval forces, it became apparent that a central organization was required to receive these calls for funds. With each relief and welfare council maintaining its own organization and separately presenting its appeal to the people of the county, there was created a situation which made campaigns or "drives," as they are known, occur at very frequent intervals.

In the campaign organizations were several thousand Fayette county men and women who willingly sacrificed their private interests that the various relief and welfare organizations might be enabled by their work of financial assistance to provide those in the military service with everything of the best. Many of these workers were associated with more than one organization and with the well merited calls upon the county for funds of ever increasing size the men and women so situated were faced squarely with the problem either of virtually abandoning their private interests or withdrawing from the county campaign organizations of the eight welfare and relief councils.

It was with the idea of devising some system whereby one great fund could be created with which to meet demands upon this county for funds by the different organizations that a general public meeting was held in the court house, July 16, 1918, following the last campaign of the Red Cross. The organization of the War Chest which merged the campaign boards under one authority for the collection and distribution of funds was the result of that meeting. The situation was gone into very thoroughly and the War Chest was adopted as the only practical, businesslike method of doing the work.

In the consolidated campaign of the great soldier service organizations, or the War Chest Drive, every man and woman in Fayette county is asked to pledge to the boys who made victory possible, amounts in proportion to their incomes. These pledges will be made to the War Chest, an organization of business men of Fayette county, which represents the best interests and thought of the county, and in which all of the eight separate welfare and relief councils are represented.

KILLED ON SAWMILL

John Shaffer, Salthill Township, Is Caught by Revolving Shaft.

John Shaffer, 33 years old, of Salthill township, was fatally injured Saturday afternoon about 3:55 o'clock when he was caught in a saw mill of Shaffer & Curry near Davistown. While placing a belt dressing on the roller belt the mandrel caught his clothes and wrapped him up in the mandrel. He called to the men to stop the engine, which they did, and then he was killed.

After releasing him one of the workmen went to Shaffer's home nearby after a blanket to wrap him in and when he returned the injured man had died. He suffered a compound fracture of the arm, a broken leg and crushed head. Shaffer is survived by his widow and one child under 15 years old.

Not Local George Jones.
The George Jones arrested last week for tampering with packages in a Baltimore & Ohio car is not the George Jones living in North Pittsburgh street and employed at Sillco. Mr. Jones asked The Courier to make the statement. The man arrested said he had no home.

GOVERNMENT OWNERSHIP
IN FORECAST OF MESSAGE**

Continued Unification of Railroads, Telephone and Telegraph Lines; More Internal Improvements.

WASHINGTON, Nov. 25.—The following forecast has been made of the principal features of the message President Wilson will deliver to Congress at the opening of the short session one week from today:

"The development of America's resources—land, water power and minerals—and provisions for distribution of these resources such as will insure a fair share to rich and poor alike."

"By those usually well advised, it is forecast that he will advocate the following as measures to insure employment for the millions returning from war zones, camps and war industries."

"Continued unification of railroads and canal systems to insure facilities for all alike."

"Protection for American merchant marine—either by subsidy or government ownership."

"Increased facilities for vocational education."

"Unification of telephone and telegraph lines under government control."

"Government development of water power and mineral lands."

"Increased building of good roads, reforestation and reclamation of land under government direction."

"Improvements of harbors, rivers and ports."

"Improvement in housing conditions for workmen."

"A new child labor law."

"And the President is expected to indicate plainly his sympathy for a general eight-hour working day and reduction of wages while living costs continue high."

"The Bridge Street Hotel in Scottsdale, Pa., is being used by the foundry."

The foundry company will probably take possession of the hotel by January 1. It will probably be used as a pattern store room. At present the foundry company is using a frame house within a half block of the hotel.

The Bridge Street Hotel was formerly the property of the Scottsdale Eagles. When Harry Kromer disposed of the Gayer House, also located on Bridge street, he purchased the Eagles' home and opened a hotel. The hotel is a three story brick building, 62x40 feet. It is much more desirable as a pattern storehouse than the one now being used by the foundry.

SERGEANT RICHEY HURT

West Side Soldier Injured in Collision in St. Paul, Minn.

Mrs. C. A. Richey, a son of Mr. and Mrs. C. A. Richey of Greenwood, a sergeant in the 16th Aero Squadron in training at the Mortar Mechanics Training School, St. Paul, Minn., is in a hospital there suffering from a fracture of the right leg. The soldier was hurt when he collided with a motorcycle through St. Paul.

The accident occurred about two weeks ago, and the sergeant well be confined to his bed for several weeks yet. Two silver plates were placed in the limb. The right leg will be about one and one half inches shorter as a result of the accident.

SAM RENZI SAFE

West Side Boy Missing, Now Reported in Georgia Hospital.

Carmen Renzi of the West Side received a telegram Saturday night from the War Department, stating that his son, Samuel Renzi, who was reported missing on July 30, is now reported wounded and has been transferred to a hospital in Augusta, Ga., arriving there October 31.

Renzi is a member of Company D, 110th Regiment.

Knitters Needed.

A call was issued this afternoon to knitters for the Charleston Comforts branch to turn in finished articles to the office in the Title & Trust building so that a shipment may be made on November 29. There is plenty of yarn for socks and sweaters but a lack of knitters. More knitters are wanted, said the call.

Dies of Wound.
Mrs. Hannah Sheets of Fairchance received word that her son, Edgar Sheets, 17 years old, died in a hospital in France on October 27 from wounds received in action on October 19th. Sheets earned a medal as sharpshooter at Paris Island.

On Way From France.

Charles F. Long, son of Superintendent W. P. Long of the Uniontown division of the West Penn Railway company, is in New York on his way home from France, the father was advised today. He is wounded.

British Flotilla Leaves to Clear Ports of Fatheland of Mines.

BIG OVATION FOR WILSON

Reception Will Be Second to None Accorded an Emperor, London Newspaper Says, Commenting on President's Visit; Positions Discussed.

By Associated Press.

LONDON, Nov. 25.—A flotilla of mine sweepers left the Firth of Forth this morning to clear a passage to Kiel for the British squadron which, it is understood, will disarm and intern the remnant of the German navy.

Wilhelmshaven also will be visited by the squadron which it is reported will comprise one battleship and a flotilla of destroyers.

OVATION PLANNED FOR PRESIDENT WILSON.
LONDON, Sunday, Nov. 24.—President Wilson will receive the greatest reception we ever gave any guest. No progress any emperor ever made will equal his," says the Observer in an article discussing the coming visit of the President to England. It adds:

"We rejoice that an event we have so urgently advocated is now assured."

The newspaper, discussing the question of the freedom of the seas, says:

"There is a profound contrast between America, which is a solid continental unit, and the British empire, which is essentially a maritime system."

"Shipping and the naval means for guarding it correspond to the transcontinental railways which link the United States from ocean to ocean and to the internal policy required for guarding them. If this one fundamental diversity between the positions of the two countries and their sources of life is grasped there can be no extreme difficulty in adjusting points of view on all matters."

DOSPORES CLEARED OF MINE FIELDS

PARIS, Nov. 25.—(Havas).—Allied warships, the Dosporos having been cleared of mines, have entered the Black Sea and visited various ports from Varna around the southern end to Novorossysk.

Dredging operations in the Dosporos were completed November 24. French and other Allied warships were detached from the naval forces, stationed at Constantinople and visited the Black Sea ports of Varna, Galata, Samson, Sinope, Bapum and Novorossysk.

General Franchet d'Esperey, commander of the victorious Allied forces in Macedonia, arrived at Constantinople Saturday.

**STREET PICNIC
PROCEEDS WILL
BE NEAR \$300**

Saturday Night's Collections Amounted to \$229.75; More is Yet to be Received.

Close to \$300 will probably be realized from the street picnic held by a joint committee of volunteer firemen and the Red Cross Saturday night for funds for the purchase of "extras" for the Christmas dinner of soldiers from Connellsville and vicinity who are in France. A total of \$229.75 has already been reported, and additional sums will be realized from the sales of a rug and a ring. The final report will probably be in by Wednesday night.

The following donations were received:

Cakes—Mrs. J. W. Easton, Mrs. V. H. Solson, Mrs. A. O. Bixler, Mrs. F. H. John, John Stanner, Dunbar, Mrs. C. M. Lysinger, Mrs. Maggie P. Laughrey, Mrs. Feathers, Templeton's bakery and Krampe's bakery.

Special to The Courier.
SCOTSDALE, Nov. 25.—Boys set-
ting muskrat traps yesterday after-
noon discovered the body of James G.
Burkholder, Everson man, who had
been missing from his home since
October 30. It was lying along the
bank of Mountz creek on the Ray
farm three miles below Everson.
Fifteen minutes later a searching
party composed of Christ Burkholder,
Jesse Vance, Frank Sheiker, Blaine
Junkin and Robert Gave reached
the scene.

The body was removed to Murphy's
undertaking establishment. Last evening
Coroner James S. Harkins con-
ducted a post mortem examination
which revealed a small blood clot on
the brain. The skull was not fractured,
the examination developed. The
lungs were filled with water. Whether
the man was a victim of foul play
or accident is a matter for the future.
The body was identified by means
of a key check.

Burkholder was last seen on Oc-
tober 30. He left his work a. car
inspector at the Summit transfer at
4.05 in the evening. He had been
paid that day and at noon had left
his money, with the exception of 50c,
with his wife. The money he retained
was to pay for a load of coal.
When the body was found 51 cents
remained in the pockets. Burkholder
was 38 years old. He leaves a widow
and five children.

The funeral will be held Tuesday.
Interment will be in the Hoke cem-
tery in Laurelville.

To Avoid and Relieve Influenza

BY DR. FRANKLIN LEANE.
Many people have been frightened by
what they have read or heard of in-
fluenza. The more you fear the dis-
ease, the more you are to catch it. Do
right about your business and forget
it. As the disease is spread prin-
cipally by contact through sneezing,
coughing or spitting, many health au-
thorities have advised that everyone
wear a gauze, which is daily washed
and saturated with a one to five hun-
dred solution of zinc sulphate in water,
and then dried before wearing over
the nose and mouth. You should avoid
crowds, common drinking cups and
public towels. Keep your strength up
by taking lots of exercise in the open
air and plenty of nourishing food.
If you have any of such symptoms
as chills, cold, sneezing, sore throat,
flushed face, headache, feverishness,
coughiness, weakness, or irritating
cough, give up work at once and go to
bed. This will save your strength to
help overcome the disease. Put your
feet in hot water for fifteen minutes.
Thoroughly loosen the bowels with
some such mild and non-irritating
purgative as Dr. Pierce's Pleasant Pel-
lets. Drink plentifully of hot lemon-
ade and then cover up with plenty
of clothes in bed so as to get a good
sweat. When sweating is free and
the fever reduced take a dose of two
Annie Tablets every four hours, fol-
lowed by drinking at least a glass or
two of hot water. Annie Tablets
help quickly to relieve the soreness
of the muscles and bones from which
most patients complain and help the
kidneys flush out the poisons.
To relieve nasal obstructions and
excessive discharge from the nose,
probably nothing is better than such
a mild, soothing, antiseptic wash as
Dr. Sage's Catarrh Remedy. It will
give great relief. Employed as a par-
ticle in same strength as used for
use in the nose, and as hot as can be
borne, it quickly arrests soreness and
cures the throat.

Influenza weakens the patient's re-
sistance to disease, so that there is
danger of bronchitis and pneumonia
developing. To combat this tendency
and fortify the patient's strength in-
stead that he keep in bed at least two
days. Probably nothing will at this
stage have the recovery and
strengthen the patient more than an
an-antibiotic tablet called "Annie" or
that well known heart tonic, Dr.
Pierce's Golden Medical Discovery,
which has been used by thousands in
the past two generations.

WHAT THE LOSS OF ALSACE-LORRAINE MEANS TO GERMANY

Has Been One of Her Principal
Sources of Iron and Steel Supply
Used in the Great War.

Precisely what would be the econ-
omic meaning of surrender by Ger-
many of Alsace-Lorraine and of her

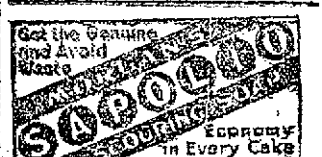

overseas colonies is a question in-
volving other considerations. The
French people's passionate longing
for "recovery of the lost provinces"
has been pre-eminently a matter of
national sentiment. It would un-
doubtedly have been as strong if the
provinces were only mountain coun-
try or grazing-land. But Germany's
angry unwillingness to discuss resur-
rection has had a recognized basis
which was very different, says Alex-
ander Dana Noyes in the December

Scribner.
When Alsace-Lorraine was torn
from France in 1871, the district cut
off paramount figure in industry.
Even as lately as 1892, its production
of iron was half a million tons be-
low that of Prussia. But when this
present war began, three-fourths of
the German Empire's iron ore was
produced in Alsace-Lorraine; the
coal output of the province was one-
fourth of the empire's total, and in
manufacture of iron it surpassed any

state of Germany. It is not easy to
say how the German iron and steel
industry, the corner-stone of the em-
pire's industrial achievement, would
be affected by the loss of this rich
province. Power to conduct a future
war would at all events be curtailed.
What we do know is that the German
iron manufacturers' association has
entirely petitioned the government last
December not to relinquish even the
iron deposits of that part of the dis-
trict which was not annexed in 1871,

and which in 1917 was held by the
German army.
Concerning Germany's colonies, not
much more need be said today than
that they represent a notoriously
mismanaged estate. In behalf of
whose future welfare, if the case were
one of a private estate, the pro-
vicious management would be at once
and summarily removed. For this,
as for many other factors bearing on
the future, we must await the verdict
of the peace conference. Perhaps

we shall then be able to foresee more
clearly what industrial and economic
future is actually in store for Ger-
many.

have existed as to the wisdom of
combining into one the campaigns to raise
funds for the Y. M. C. A., the Knights
of Columbus, the Young Men's Hebrew
Association, the Salvation Army and
other organizations identified with war
work, it becomes the duty of the peo-
ple of Fayette county to heartily and
unhesitatingly join in a boosting
the Fayette County War Chest cam-
paign which begins next Monday.The organizations which are to be
the beneficiaries of this fund on a
basis proportioned to their activities
and needs, have been of pre-eminent
value to the soldiers individually and
to the nation as a whole by the mag-
nificent way in which they have cared
for our troops in the training camps,
on the transports, in the rest camps
of France and at the battle front.
Their work has been of such a charac-
ter and on such a scale that the morale
of our men has been maintained to
a higher degree than if those of
any other nation's army in the war.Although the war is over, insofar
as fighting is concerned, there remains
even greater necessity than before to
keep our men in fine spirits and trim.
In the relaxation that necessarily fol-
lows active service at the front there
must be even greater effort made by
these agencies to provide for the phys-
ical, moral and spiritual welfare of
the men. Months will yet elapse be-
fore demobilization is completed and
perhaps still more months before the
last of our forces are withdrawn from
Europe. Manifestly the work which
has been done by the war work or-
ganizations must be continued until
the need for it has ceased to exist.
This cannot be done without money,
and a very large sum at that.It therefore should be our joy to
give still further proof of our interest
in the men whose gallant conduct in
the greatest war of history will ever
be our nation's pride. We should glory
in the privilege of giving as that we
may have the supreme satisfaction of
knowing that we have withheld nothing
that will contribute to the welfare
and comfort, and tend to insure the
safe return of those who, too, have
gloried in the opportunity, they had,
or eagerly hoped to have of offering
their lives in the most righteous cause
for which any nation ever entered into
war.If we allow this spirit to enter our
hearts during the days of the forth-
coming campaign, the success of it will
be assured in equal measure with other
things we, here in the calm security
of home, have done to make it possible
for our boys and our neighbors' boys
to have so large, so honorable and so
glorious a part in saving the world's
civilization.**MISSING AN OPPORTUNITY.**It is regrettable that in arranging
the program for the public observance
of Thanksgiving Day provision was
not made to have it partake more of
the character of a civic, patriotic and
community occasion, such as is to be
given the day in other sections of the
country.True, the joining of the Protestant
churches in a union service will con-
stitute a gathering to which all the
people of the city without regard to
religious faiths are urged to be pres-
ent and will be cordially welcomed,
but as planned the exercises are inter-
denominational, instead of undenom-
inational, as would have been better
suited to the spirit of the times and
this particular observance of the day.In Pittsburgh a Catholic bishop, an
Episcopal rector, a Jewish rabbi, the
pastors of several Protestant churches,
the mayor and a representative of or-
ganized labor are to meet on the same
platform and each is to have a part in
the program. A similar arrangement
has been made very generously through-
out the country in response to a more
or less clearly expressed sentiment fa-
voring a civic, non-sectarian observ-
ance of the day. This sentiment very
properly, and very naturally, arises
from the fact that in contributing to
the means, agencies and efforts to win
the war the people of America recog-
nized no denominational lines and gave
cognizance to no creed save the uni-
versal creed, comprehended by the
declaration, "We are Americans."All that our valiant soldiers fought
for and all that we as civilians sought
to assist in accomplishing has been
achieved. Now that the time of year
approaches when it is our wont to give
expression to the gratitude that is in
our hearts for the preceding year's
blessings, participation in a public
thank offering ought to be as general
and all-inclusive, both as to the pro-
gram of exercises and attendance, as
was the manifestations and proofs of
our patriotism and loyalty during the
days of the year in which we and our
country have been put to a severe
test.The victory praise service held
shortly after the cessation of hostil-
ties was accepted by the people of the
community as an earnest of the de-
sire in many people's hearts that we
might have other gatherings of like
import and animated by the same spirit
of unselfish neighborliness. That the
Thanksgiving Day exercises have not
been similarly planned is, we earnestly
believe, missing an opportunity which
other communities have been glad to
seize upon, thereby to be strengthened
and sweetened in their relations as
friends, neighbors and loyal and grate-
ful American citizens.Cardinal Mercier, the prelate-hero of
Belgium, says the new government of
Germany is a camouflage to the au-
thority. No man in Europe has had
better opportunities to know what is
real and what is make-believe about
the German character. Watch future
developments to prove the accuracy of
the eminent observer's judgment.The Red Cross will be equal to the
emergency of handling the emergency
hospital.The Administration now seeks govern-
ment control of all radio communi-
cation. Having already established
control of the air in the person of
George Creel, the publicity chief, it
follows as a matter of course that the
cold ether of space should likewise be
made subservient to the will and pur-
poses of a centralized government.With King Albert back on his throne
in Belgium and the ex-Kaiser hiding
behind the skirts of the queen of the
Netherlands a start has been made in
the re-establishment of justice in
Europe.The War Chest drive is very likely
to be the last big drive of the war in
which you will have a chance to en-
gage, except another Liberty Loan or
bond and they will simply be invest-
ment opportunities. You will need to
drive hard to make up for having
missed the Big Drive Over There.Establishment of the Winter Capital
in a prince's mansion in Paris is, we
perceive, a Democratic will themselves
endorse, entirely in accord with Jef-
fersonian simplicity and democracy as
known and practiced by famous ex-
ponents of the doctrine in the earlier
history of our nation.An unfeigned fervency will feature
the prayers of thanksgiving on Thurs-
day if the country is assured by that
time that William Jennings Bryan,
arch pacifist, will not be selected as
one of the peace delegates.It was reserved for the noble spirit
of a woman of France to remind the
whining sisters of Germany that had
they given some heed to the appeal
made to stop the deportation and en-
slavement of the wives and daughters
of France and Belgium, there would
not be opportunity to reward their
treachery. Having showed themselves
pitiless they cannot now expect to be
pitied or to be given sympathy.The Food Administration reports no
shortage of turkeys. With the same
cheerful readiness the dealers report
no shortage in prices.**Rippling Rhymes**

THE ILL WIND.
The influenza went its way, and
left its legions every day, as dire
as war, and while they winced
at each the ruler, men clamored
their divers gods. "What did you send
it for? What is the use of a disease
that makes men cough and wheeze
and until they break their necks?
What profits it to spring an ill that
fills the pesthouse on the hill with
deadly human wreckage?"
We cannot see the plan behind the red
that chafes men, and so we jolly
luck; who should we suffer that and
die, and why be sore and sick? The
influenza came along just when our
gentlemen, going wrong, were primed
for the campaign; they had their
speeches learned by heart and they'd
turn out with graceful art, their doc-
trines safe and sane. Wind-jammers
and wind-jammers there were suf-
fering to have the air and make the
villain feel the voters, shuddering
with dread, looked on the carnival
of self and circumstance and said, "Then
came the ill, and crowds were ban-
ned, all public meetings in the land
had the verboten sign; the candidates
could only take the speeches they
were primed to make, and put them
down in brine. Yet people cry, "What
is the use of pestilence that cooks our
grotesque, and puts us on the blink?"
They have not learned to analyze, they
have not learned to use their eyes;
they have not learned to think.**Just Folks**

LOVED ONES OF THE DEAD.
There would be no flock to fly
out for those who went to die,
if they chosen to remain.
Safe from harm and free from pain,
Loved ones of the glorious dead,
Lark would be the years ahead.
Now because they dared to go
peace and victory we know.There would be no cheering people,
No glad chiming from tower and steeple,
No rejoicing, no Thanksgiving.
Were our heroes dead still living,
Mothers of the tear-filled eyes,
Widows of the flag that flies,
Sweethearts of the broken story
From your grief has come the glory.From the courage of the dead
Hate and tyranny have fled;
And because, with faith unshaken,
They fought on till life was taken,
Bells of joy today are ringing
Out the peace that victory's bringing.
Tis because they dared to die
That the flag of Freedom fly.Had they let their courage falter
At Truth's sacrificial altar,
Crossed life with all its pleasure
And refused Death's cruel measure,
Vain would be man's high endeavor;
Freedom would have passed forever.
And this world in grim disaster
Would have had a tyrant master.Tis the dead the living cheer!
Tis the dead that men revere!
Loved ones of the courage splendid,
Now that war's grim reign is ended,
Though they shall not come again,
Tis because they died in vain.
Tis because they dared to die
That the flag of Freedom fly.All that our valiant soldiers fought
for and all that we as civilians sought
to assist in accomplishing has been
achieved. Now that the time of year
approaches when it is our wont to give
expression to the gratitude that is in

MOUNT PLEASANT BOARD OF HEALTH WILL ACT AGAIN

Had no Authority to Oust it,
State Health Commissioner Says.

ARMY DESERTER IS ARRESTED

John Eberhardt Quits Camp Dix Without Authority and Against His Will, He Tells Officer When Taken Into Custody; To Be Returned to Camp.

Special to The Courier.—MOUNT PLEASANT, Nov. 25.—Members of the board of health, after being reappointed by council, and being assured in a letter from Dr. B. P. Royer, the state health commissioner, that he had no authority to dismiss the board, have promised to hold a meeting this evening and reorganize or act with the former organization, just as the members see fit. The members of the board would only meet after being urged by council and have consented now to only act until the first of the year. They are Dr. J. W. Shelar, M. A. King, Milton Metz, Samuel Bungard and Calvin Glauss.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Deserter Arrested.
Saturday evening Police Officers Joseph White and M. F. McCutty were called to Carpentertown to settle some trouble that had arisen there and picked up John Eberhardt, aged 19 years, who had deserted from Camp Dix, July 13. Eberhardt enlisted June 19, 1918, at Connellsville, and was a member of Company 35, Ninth Training Battalion. He is a son of Joseph Eberhardt of Shupe street, Mount Pleasant and was born at Car-

pentertown where he was arrested as a deserter. Officer McCutty will leave this evening with the prisoner. When asked why he deserted Eberhardt told of being taken against his will to New York and locked up for such a long time that he was afraid to go back to camp.

Thanksgiving Service.
The Thanksgiving sermon will be preached, in the Re-Union Presbyterian church at 10 o'clock on Thursday morning by Rev. E. J. Knox. The offering will go to the W. C. T. U. for its flower mission and relief work.

AFTER THE GRIPPE

To retain your health and strength again you must take a tonic and for this purpose the Medical Professor is prescribing Iron, Nux Vomica, Gentian, Capsicum and Zinc Phosphide in some form. Many preparations containing iron are very constipating, but this is overcome by the addition of Aloin in Chase's Blood and Nerve Tablets, which contain all of the above active remedies.

In these Tablets you have all that is good in tonic medicines without any harmful effects. They are safe and sure health builders and at this particular time it would be hard to overestimate their value.

Weigh yourself before taking them and see what you gain in weight and strength.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

BLISS NATIVE HERB TABLETS

Have you noticed the rugged, healthy complexion of our soldier boys—their elastic step, and strong, manly bearing. This constitution is due to outdoor life, plenty of exercise, regular habits and wholesome food.

Your responsibilities may not permit you to work, live and play outdoors. You may have to grind away at a machine, a desk, or other employment, until your condition becomes stale. Indigestion, constipation, headaches and general debility follow. Your liver and kidneys fail to act properly, and your blood becomes poor and sluggish. Don't be a health-slacker. Take Bliss Native Herb Tablets. They will relieve constipation, remove indigestion, help to prevent rheumatism and make you fit. Look for trade mark. Our money back guarantee on every box.

THE PARAMOUNT.

"BOSTON BLACKIES' PAL"—A romantic and exceedingly original picture featuring the popular Metro star, Bert Lytell, is being shown today. The clever play was taken from the story of that name from the pen of Jack Boyle which was published recently. It deals with the work of a gentleman crook who, however, is more moral than one of the supposedly honest men of the play. The difference between the crook and the gentleman is manifest when the former is the means of preventing the latter from running off with another's man's wife. Romance in the form of a deep love for Mary is one of the beautiful factors in Boston Blackies' life, and his innate goodness and moral honesty is shown in his dealing with his little pal. The play is a five reel production of heart-compelling interest. Bert Lytell, who has a strong screen personality is particularly adapted for the difficult complex part and brings out all the finer points of the play with a clearness which does him credit, while it also contains delightful moments of pathos and love interest. Playing opposite Mr. Lytell in the leading feminine role is Rebecca Mitchell, who is seen as Mary, the sweetheart and partner of Boston Blackie. Tuesday, "For the World Forgot," with Hedda Nova in a splendid role will be shown. On Thanksgiving, June, Bludge, the charming World star, will be seen in "The Appearance of E. H." Evelyn

THE SOISSON.

"THE WHIRLPOOL."—A select picture in which Alice Brady, the celebrated screen star, is seen in a fascinating role, is being presented today. The picture is a story of New York, revealing the sporting life of a Tenderloin gambling house of the city but also portraying the nobility and high-mindedness of its true leaders. As Bella Cavello, the gambler's stepdaughter, who wins out in the end, Alice Brady maintains a sincere and high note in a most sympathetic characterization. The girl rebels inwardly at her lot in life, namely leading the men who frequent her uncle's gambling house on to play far in excess of their fortunes. One of these men, Richard Brettnier, is enamored of the girl and in order to give her expensive gifts which he cannot afford, goes to every length to gain the money. He is arrested on a theft charge and Judge Haverford, the youngest judge on the bench, tries the case. Pitying Brettnier's youth and previously fine record, Judge Haverford suspends sentence, after which Brettnier, still in pursuit of Bella's love, steals the famous Besham emerald from Colonel Warren, who is murdered at the time of the robbery. Brettnier, believed guilty of the murder, goes to prison to await trial. Judge Haverford, in investigating the case, meets and falls in love with Bella, and later they are married. Miss Brady is supported by a cast of unusual excellence, including H. E. Herbert, William Davidson, Robert Winkler. The production will also be shown tomorrow. A selected comedy is also being shown. On Thanksgiving Day Josephine Whittall will be featured in "Alimony," a special feature.

THE ORPHEUM.

"MY FOUR YEARS IN GERMANY."—The screen version of Ambassador Gerard's "My Four Years in Germany," had its first presentation at the Knickerbocker theatre. The picture begins with the Zehn incident and ends with the ambassador asking for his passport. The picture undoubtedly will have a great influence upon those who see it, and should be a great factor in stirring up the people of the country to look our war conditions squarely in the face. They will have a chance to see pictured many things that do not greatly impress upon us as seen merely on the printed page. Ambassador Gerard, who was among those who saw the picture at its first presentation, made a short of reas. Shown here today and tomorrow.

Influenza, Cold, Pneumonia, Sore Throat

Yields Quickly to Antiseptic Treatment.

Many are finding relief from Influenza, Colds, Sore Throat and perhaps preventing pneumonia. It is said by the use of Miller's Antiseptic Oil (known as Snake Oil). Its great penetrating, pain-relieving qualities insure almost instant relief when applied freely on the throat or throat, and greased when first symptoms arise. The oil penetrates through to the affected parts and tends to open up the air passages, making breathing more easy, relieving the pain. And for the cough a few drops on a little sugar usually brings prompt relief. Don't fail to have a bottle on hand when the attack comes on, and if used according to directions results are assured, or your money refunded. On sale at Connelville Drug Co. 50c, 60c and \$1.00 bottles.—Adv.

WAR CHEST HEAD EXPLAINS WHAT PLAN EMBRACES

Continued from Page One.

Relief organizations are given proportionate representation. The pledges are to be payable in monthly installments for five months.

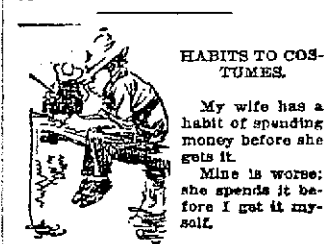

The War Chest represents the estimate of the total funds required by the Red Cross, the Young Men's Christian Association, the Young Women's Christian Association, the National Catholic War Council, the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army, for the next year, or for the period of demobilization, in maintaining that high spirit of morale among the American soldiers and sailors which has been the marvel of the world. At the conclusion of the campaign should the sum of \$800,000 be pledged—and there is no fear in the minds of the War Chest officials that Fayette county will find in the duty of this last moment with its splendid record of war activities before it—the War Chest will not come before the people again for funds during the next year.

During the coming year the calls upon Fayette county for funds to support the welfare and relief organizations will be received even more frequently than they were last year. But under the War Chest plan these calls can be met with the signing of a check after a vote to that effect by the board of directors of the War Chest. Previously with the receipt of a call the county managers of the organization sending the appeal would immediately commence plans for an intensive campaign in which to raise the required amount. With the War Chest in effect all the campaigns are consolidated into one great drive and the money for the great organizations for the entire year is raised at one time and made ready for distribution.

The War Chest will do business separately with the officers of each of the great welfare and relief organizations. There has been no consolidation of the work of these organizations among the soldiers. Each still has its distinctive duties to perform. It is only in the financing of these organizations by the people of Fayette county, as well as elsewhere, that consolidation has been effected. The funds still will go separately to each organization at the order of the War Chest Directors, but the people of the county are asked to contribute to all these organizations at one time in the consolidated drive.

The practicability of a united campaign organization for one great drive to raise funds with which to maintain the work of the welfare and relief organizations has been officially recognized by the United States government. Although actual fighting has been ended the army has not been demobilized, and until all soldiers and sailors are returned to civil life the welfare and relief organizations will continue to function as during the period of hostilities.

For that reason the War Chest comes to the citizens of Fayette county at this time asking for a minimum of \$800,000, to cover the estimated calls to be made upon this county during the coming year. The war virtually is over and the Americans and Allied armies have completed their task of making the world safe for democracy. The home army, however, has one more objective to reach. Let the War Chest campaign measure the appreciation of Fayette county citizens for the gallantry of her sons, at Chateau-Thierry, at the Ourcq, in the Argonne forest, at Sedan. We enter the campaign with all confidence that the result will be the maximum answer Fayette county has made to war appeals.

RESULTS ARE WHAT SPELL SUCCESS AS PROVEN BY REMEDY

Swissvale Man is Glad to Recommend the New Medicine Ten-Herbs.

Many such statements as the following are being made by the best known Pennsylvania men and women of Ten-Herbs—the new herbal remedy—and voluntarily tell of their relief in the hope that others may be aided and restored to health.

Ten-Herbs is now being taken by hundreds of local people, many of whom are testifying to the beneficial results they have derived from its use in the treatment of stomach, liver and kidney troubles.

One of the many signed testimonials received is that of Mr. H. J. Swanhart, who resides at No. 7508 Ormand street, Swissvale, Pa., and is a well known carpenter and contractor, whose work is of the highest order. He stated:

"For the past seven years I have had trouble with my stomach; I was bloated with gas, had terrible indigestion and no appetite whatever; my food always distressed me; I had palpitation of the heart, was short of breath, I could not sleep at night and would get up in the morning as tired as if I had never been to bed; my liver was torpid and sluggish, and I was always constipated. I could never get any medicine to relieve this trouble until I started to take Ten-Herbs; it has relieved my stomach trouble. I have no more gas in my system and am able to sleep fine at night. I feel a hundred per cent better."

Ten-Herbs is sold in Connelville at the Connelville Drug Co.'s Store.

No Hero's Grave for Him. It is well known that it takes pluck to be a fireman. A young fellow, possessed of only ordinary courage, was at his first fire. He seemed at a loss to know just what to do and the chief rushed up to him and shouted:

"Shin up that ladder to the tenth story quick, crawl along the cornice to the fourth window, drop down two stories, and catch that wooden sign you see smoking there, swing yourself along to the second window that that red glare is coming from, break the glass and rescue those three old ladies—Well what in thunder are you waiting for?"

"For pen and ink, sir," said the new fireman. "I want to hand in my resignation."

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into both body and brain is Bio-feron—your physician knows the formula—it is printed below.

There's iron in Bio-feron—the kind of iron that makes red blood corpuscles and creates vigor. There is lecithin also; probably the best brain invigorator known to science. Then there is good old reliable gelatin, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feron is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feron is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feron. It is printed on every package. Here it is: Lecithin, Calcium, Glycerophosphate, Iron, Potassium, Manganese, Potassium, Est. Nitric, Vanillin, Powdered Gelatin, Phenolphthalein, Oleoresin Capsicum, Kolo.

MILL TOWN TEAM WHITWASHED BY C'VILLE ELEVEN

Local High School Wipes Out
Stain of Previous Defeats
By 50-0 Score.

VISITORS ARE OUTCLASSED

From Opening Whistle to Close of
Game It Was Evident That Scottdale
Machine Could Not Withstand the
Terrific Onslaught of Bode's Men.

The stain of defeat has been wiped out and Connellsville again has a football team to be proud of. After being defeated for four consecutive years by the Scottdale high school team, the Connellsville warriors took full vengeance Saturday by whitewashing the Mill Town aggregation, 50-0. By piling up the large score the Connellsville gridgers succeeded in making more points in a single game than Scottdale has in the past four years.

The Connellsville football team returned to its own Saturday and in addition to playing real straight football, pulled some "stunts" that took even the most staunch supporters by surprise. With a single exception Connellsville worked forward pass after forward pass, establishing a record here for the number of successful passes made in one game.

The team as a whole went through the plays like a smooth running machine. Every runner had interference and there were few "ballups" or fumbles. The line stood like a mighty stone wall before Scottdale when on the defense and when Connellsville carried the ball opened a hole for the runner almost at will.

Too much cannot be said about any one of the players on the Connellsville team. Every man was into the game with a determination to do his best to score as often as possible. However, outstanding among the eleven were Danner and Lyons, both halfbacks. Struble and Durnell were close behind them to share in the honors.

Danner, playing right half, made possible the first score within a few minutes after the game had started when he intercepted a forward pass attempted by Scottdale. After securing the ball for Connellsville, Danner made a drop kick from the 25 yard line.

In the second quarter Danner intercepted another Scottdale forward pass on Scottdale's 30 yard line and scored a touchdown.

In the first part of the second half Danner took a forward pass from Lyons and went 20 yards for a touchdown. In the latter part of the half with the ball on the five yard line, Danner went through both Scottdale's line and secondary defense for a third touchdown.

The first touchdown of the game was made by Captain Lyons. "Bill" was injured in the first play of the game, twisting his knee. He was taken out for the first quarter but at the beginning of the next period went in. On receiving the kick-off Scottdale attempted a forward, Lyons grabbed the pigskin out of the air and dodging the entire Scottdale team went 63 yards for a score. Remaining in the last three quarters of the game Lyons reeled off some nice gains, including 10 and 14 yard runs. The success of Connellsville's forward pass was due in a measure to his quickness and accuracy in passing the ball.

Durnell at full gave all that was expected of him. He made gains either through the line or around the ends. Best of all he made five out of seven tries for goal kicks. Durnell scored two touchdowns, both in the last half, one during the third quarter and one in the last period.

Struble showed some excellent judgment in running the team. He gave such a varied attack on Scottdale that they could only wonder what was coming next. Struble was not forced to draw heavily on his store of plays but just to make the game interesting he mixed in a few "trick" plays that worked without a flaw. The little red headed quarter also scored a touchdown for Connellsville. He intercepted a Scottdale pass and went 15 yards before being downed, placing the ball on the eight yard line. With his team mates and the school delegation calling to him to carry the ball again he went across the line.

The entire credit for the wonderful development of the high school team this year goes to Coach Fred Bode. For the past two weeks, however, he has been assisted by Edwin J. Folk, science instructor, who devoted his entire attention to the line. The strength and style of play exhibited by the line Saturday showed that his efforts had not been in vain. With Folk instructing the line Bode was able to give his full attention to the backfield. As a result he developed an interference seldom shown by a local team, and also taught his backs a bewildering array of clever plays. The success of the forward pass Saturday was another evidence of the coaching Connellsville has received.

Scottdale and Connellsville were evenly matched in average weight. The visitors had a fast backfield but the runners could not break through Connellsville's defense. Jimmie McConnell and Menefee at ends skillfully took out the interference, leaving the runner at the hands of Connellsville's backs.

Humes was the most consistent ground gainer for the Blue and White. Fullback Porter sometimes broke through the line. Of the 13 forward passes attempted by Scottdale only three were successful, one of which netted no gain whatever. On one, Porter to Humes, the latter gained 15 yards, the biggest advance made in one play by Scottdale during the entire game, except on the kickoffs and punts.

A number of subs were put into the game during the last quarter by Connellsville, but the team still advanced. Outback, who played during the sec-

When Itching Stops

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of zeno and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little zeno, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.

Roots Must Have Room. The yield of cotton is dependent upon the number of flowers we are able to induce the plant to form, and root space is necessary to flowering. The cotton plant's normal rooting may occupy two square yards of earth, which is several times more than given it in practice, and the yield may often be reduced by this fact as the roots must interlap.
